Agilus Work Solutions further expands its technology recruitment business with the acquisition of ProVision

Toronto, ON – September 11, 2023 – Agilus Work Solutions (Agilus), Canada’s largest privately-owned recruitment firm, has announced the purchase of ProVision IT Resources Ltd. (ProVision).

Agilus takes another bold step towards becoming Canada’s number one recruitment and staffing solutions firm by acquiring ProVision, a Toronto-based flexible technology and IT staffing solutions company. ProVision is a division of HIRE Technologies focused on Information Technology recruitment.

Craig Brown, Agilus CEO, highlighted the synergy created by adding ProVision to its business, “This acquisition enhances our capacity to deliver innovative recruitment solutions to enterprise, mid-size, and small businesses alike. Agilus’ acquisition of ProVision demonstrates our ongoing commitment to providing the best talent and recruitment solutions in response to our clients’ business needs for digital transformation and technology project expertise. The integration of ProVision’s team, clients and candidates aligns with our strategy, aimed at empowering businesses in Canada to maintain their competitive edge through a dynamic workforce.”

Together, the combined forces of Agilus and ProVision offer businesses across Canada a better choice in recruitment services and solutions. Craig Brown explains, “In 2023, technology continues to advance, and businesses are actively looking to digitize, leverage new technology in work processes, and drive modernization in their technology ecosystem. To remain competitive, organizations are looking for expertise, recruitment guidance and the industry’s best technology professionals. They can rely on Agilus for better talent and better outcomes.”

About Agilus Work Solutions

Agilus is a team of over 200 professionals working for businesses in Canada by finding the best-qualified candidates to help meet and exceed talent and business goals. Since 1976, we have been connecting job seekers with meaningful employment. We do this as the largest full-service, Canadian-owned recruitment firm with offices nationwide. We place over 10,000 job seekers in roles every year in Engineering, Technology, Professional/Office, and Light Industrial roles at Canada's best companies. We place innovative candidates in support of energy transition, fuel innovation and digital transformations by building world-class project teams and help advance Canada's productivity and economy by working with multi-skilled professionals who are business experts and as passionate about creating better outcomes as we are. We care, we collaborate, we make an impact, and we are better with our clients and candidates. Visit agilus.ca for more information.
